What are the benefits of the Code for CSO?

- **providing guidelines** on good practices of transparency and accountability
- **setting benchmarks** for CSOs' self-assessment and adjustment
- being a **foundation** for organization development, effective management, sustainability and professionalism
- **improving trust** in CSO's relationship with donors, beneficiaries, staff/members, state bodies and other stakeholders.
- contributing to CSOs' joint efforts to **promote democracy, social progress and development**
